Listan innehåller allt från rena pirater som sänder mer eller mindre olagligt till sådana som har skaffat sig en fullt laglig licens eller hyr in sig på någon reläsändare. För att listan inte bara ska ha ett nyhetsvärde utan även kunna ha ett historiskt och nostalgiskt värde låter vi även avslöcknade sändare finnas kvar.

För att listan ska bli så bra och användbar som möjligt hoppas vi att du som har tips hör av dig till: piratspecial@mkvk.se
